NUMBER 99

Circuit Court Proceedings.

The grand jury completed its labors Friday morning and at ten o'clock filed into court with its report and was discharged. The report compliments Mr. Albert Rice, Keeper of the County Infirmary, and Jailer George W. Judy, upon their neatness, cleanliness and proper care and ventilation of the institutions over which they preside.

With reference to the Paris jail they called the attention of the court to the heating apparatus, alleging that it failed to properly distribute the heat; that the upper floors were too warm and the lower too cold.

The grand jury also called the court's attention to the violation of the Sunday closing law by certain country stores that are kept open for trade on Sundays, and asked for instructions in regard to the matter if the offenses were repeated.

A total of 25 indictments were returned, nine of which are felonies, as follows:

Cornelius Sleggins, murder.
Raymond Brown, malicious cutting.
Charles Louis Jefferson and Wm. Foggy, housebreaking.
Green Jackson and Lige Richardson, forcibly breaking into a railroad car.
Charles Louis Turney, burglary.
Elbert Riley, grand larceny.
James B. Brown, rape.

All of the above are negroes except Riley.

The remaining 16 indictments are against negroes at North Middletown and Rattles Mills for selling liquor without license.

The City of Paris was again indicted for unlawfully maintaining a public nuisance.

Elbert Riley pleaded guilty to charge of stealing cattle from Mrs. John McLeod, of Hutchison, and was given one year in the penitentiary.

In the case against the City of Paris for maintaining a nuisance by dangerous blasting in the city quarries the jury disagreed and was discharged. Eleven were for fining the city from \$250 to \$1,000, and one for acquittal.

The only case tried yesterday was that of L. J. Fretwell vs. Brutus J. Clay. Fretwell sued for \$185 and got judgment for \$75.

The hearing of equity cases consumed the day in court Saturday. Judge Stout adjourned court yesterday afternoon until Wednesday morning, he being compelled to attend a meeting of trustees of State College in Lexington to-day.

It is said that there are one thousand school houses in Kentucky without teachers, for the reason that teachers will not accept the low price offered for their services. If there is any class of people on earth that should be paid good prices it is school teachers. This state of affairs should make every true Kentuckian blush with shame.

HENRY WATTERSON says that first class men cannot afford to go to Congress for \$5,000 a year. An exchange rightly says that what Mr. Watterson means is that first class men are not enough sought after for Congressional positions paying \$5,000. When it comes to Congressmen you will find it is generally the wily politician seeking the office and not the office seeking the man.

DESPITE the most determined efforts of the women of the country to save one of their sex from the gallows, Mrs. Rogers, the Vermont murderess, paid the extreme penalty of the law Friday. There was no question raised as to the woman's guilt, the only plea for clemency was that she was a woman. It was a question whether the law should have one penalty for the woman and another for the man for the same crime. The efforts in her behalf were simply sentimental prejudice against the execution of a woman.

THE average educated man gets a salary of \$1,000 a year. He works forty years, making a total of \$40,000 in a lifetime. The average day laborer gets \$1.50 a day, 300 days in a year, or \$450 a year. In forty years he earns \$18,000. The difference, \$22,000, equals the value of an education. To acquire this earning capacity requires twelve years at school of 180 days each, or 2,160 days. Divide \$22,000 by 2,160, and it is found that each day at school is worth a little more than \$10 to the pupil.

THE State Journal of yesterday morning published signed statements from three members of the next House of Representatives pledging themselves to vote for Paynter for United States Senator, who were classed hitherto in the list of Blackburn supporters—Embry, of Boyle; Thompson, of Mead, and Wicker, of the Floyd-Letcher District. We do not know whether these gentlemen had ever been counted for Blackburn or not, but if there is any way known to tricky politicians to turn men against Blackburn you may depend on them being turned. Some, perhaps, are voting for Paynter on promises from the Administration—beware, gentlemen, for it has been shown to Bourbon county people that promises made by the Frankfort gang do not amount to anything. What you call the Administration does not hesitate to make any kind of a promise, nor do they hesitate to break one. They will not deliver the goods, and we speak from experience.

We are still from Missouri, if they beat old Joe, they will have to show us. And if they do, it will be a bad day's work for the Democratic party in Kentucky.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Pinker, of Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for life purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

Free Lecture on White Plague.

The lecture to be delivered by Dr. S. A. Knopf, the famous tuberculosis authority of New York, at the opera house in Lexington to-night is of especial interest to the whole of Central Kentucky. Delegations from all surrounding cities are expected to be present. In Lexington one death in every six and a fraction deaths from all causes is due to tuberculosis. This is a little lower than the proportion in the State, and in the entire United States one-tenth of all deaths are due to the disease. This city is contributing its full quota of victims to this alarming mortality rate. The Association for the Prevention of Tuberculosis just organized in Lexington invites citizens of all Central Kentucky to unite with it. The movement is fast becoming State-wide, and State legislation is one of the objects.

Deputy Sheriff Grant Holliday, of Breathitt county, was shot and killed at Jackson Sunday afternoon while endeavoring to arrest Jake and Jerry Noble. Jake Noble was shot in the face by Holliday and is seriously wounded, but probably will recover. There is much excitement at Jackson, and some people ascribe the killing to ill feeling growing out of the recent election.

Young Men's Sunday.

Visiting speakers filled the pulpits of our churches Sunday in the interest of the Young Men's Christian Association. In the afternoon, a large audience, composed of men only, heard, Dr. Atchison, President of Caldwell Female Seminary of Danville, deliver a forcible and eloquent address, taking for his subject "A Square Deal." He filled the appointment of Dr. Hinit, who was unable to get here on account of illness.

Mr. J. S. Amsden, the Versailles banker, was one of the speakers at the union services in Christian Church Sunday night, and his remarks as to why he took such interest in the Young Men's Christian Association were to the point and very effective. He was given the closest attention by the large congregation. The singing by the quartet from Lexington was excellent.

Talbot Bros. Lose Shawana.

Shawana, running in the interest of H. J. Perry & Co., who had her racing qualities leased for the winter, won the Tulane Selling Stakes at City Park track, New Orleans, Saturday afternoon, but it was a hard-earned victory and cost Talbot Bros. their good mare. Perry had put Shawana in at \$1,300, and Pat Civill bid her up to \$2,500, at which Perry let her go. Civill's half of the run-up money making the mare cost him \$1,900. The value of the stake to the winner was \$1,185.

THE PLACE TO BUY.

The Fire Bug at Work.

The old stable in rear of Dow-Hayden Grocery Co. was destroyed by fire Sunday evening about 8:15 o'clock. The stable burned almost adjoining the big livery stable of J. U. Boardman and, but for the prompt and efficient work of the Fire Department our city would have certainly been visited by a large conflagration. The loss to R. P. Dow, owner of the stable, is about \$500. From the number of barns burned in this community recently it is generally believed that a fire bug is at work here.

"Incident is Closed."

When Gov. Charles J. Bell, of Vermont, was notified Friday by telephone of the execution of Mrs. Rogers, the woman who brutally murdered her husband, he gave out the following statement: "I am much relieved to know that the execution of Mrs. Rogers was accomplished promptly, according to law and without a hitch or unnecessary delay. It was a disagreeable duty I have been called upon to perform, but notwithstanding my private views in regard to the matter, I have acted on my oath as Chief Executive, and I believe I have acted in the interest of the public good and according to the law-abiding sentiment of the people of Vermont. The incident is closed, and I do not care to say anything more at this time."

The class in history was under fire. "Mickey," asked the teacher, "can you name three of the world's greatest battles?" "Certainly, mum," answered Mickey, with the air of one who knows. "Dere wuz de Fitzsimmons-Corbett contest," de Jeffries-Fitzsimmons mix-up, an' de recent Britt-Nelson go!"

"Johnny," called the wife of the Weather Bureau man, "ask your father if it is going to rain to-day." "He says no." "Fetch me my umbrella."

Dainty Foods Demand It

IN EVERY Receipt that calls for cream of tartar, soda, or baking powder, use the Royal Baking Powder. Better results will be obtained because of the absolute purity and great leavening strength of the Royal. It will make the food lighter, sweeter, of finer flavor, more digestible and wholesome. It is always reliable and uniform in its work.

Alum and phosphate baking powders—some of them sold at the same price and some of them cheaper—will make neither dainty nor wholesome food.

STOCK AND CROP.

—Dr. John E. Gray, of Bowling Green, had a hog slaughtered recently that was one of the fattest ever killed in that county. It was a red Duroc Jersey and at fourteen months old weighed 600 pounds. For ninety days before it was killed it was perfectly blind, being so fat that the flesh covered up its eyes. The hog was fed by George Lax, who has a national reputation as a feeder. From the hog was obtained 123 pounds of lard, 175 pounds of sausage, and the two hams weighed forty pounds each.

—Mr. S. E. Morton, of Camden, O., recently sold the Duroc-Jersey boar, Ohio Chief, to F. J. Harding, of Macedonia, Ia., for \$2,000. This animal was first prize winner at the World's Fair.

—Watercress, a brown stallion, 16 years old, by Springfellow-Wharfedale, bred by Lord Falmouth in England, was sold Friday for \$71,000 to J. B. Haggin, who already owned a half interest in the horse, through the Haggin-Tewis partnership, in the famous Rancho del Paso Stud. Friday marked the end of the four days' dispersal sale of this stud. Over 400 head were sold, bringing a grand total of \$405,275.

Central Kentucky Millers.

The Central Kentucky Millers' Association held a business meeting at Lexington last Thursday. The reports submitted indicated that the condition of the growing crop was very encouraging and it is believed the acreage will exceed that of last year. There are about thirty-five members of the association.
